

## Job Description

UBMD Orthopaedics & Sports Medicine is the largest Orthopaedic Group in Buffalo, NY. We are seeking a Physician Assistant for clinical, medical and administrative support. Responsibilities include assisting in the operating room for total hip and knee replacements, office hours, new patient assessments, imaging review, seeing post-operative patients, and performing injections. This is an excellent opportunity with one of our fellowship trained Lower Extremity Joint Replacement & Reconstruction Surgeons. We encourage seasoned PA's, current PA students and new graduates to apply.

### ESSENTIAL FUNCTIONS:

- Elicits a detailed and accurate patient health history and performs a physical examination; records these along with progress notes in the patient's chart.
- Determines abnormal conditions by ordering diagnostic tests such as X-Rays, EKG's and basic laboratory studies and interprets test results.
- Formulates an initial diagnosis, therapeutic plan and treatment.
- Provides fracture care including reductions, operative vs. non-operative care, splint, suture and staple applications/removals.
- Performs such routine therapeutic procedures as intramuscular injections, immunizations, wound care, joint aspirations, joint injections, and incision and drainage of superficial infections.
- Answers all patient phone calls in regards to the clinic. Triage as appropriate.
- Completes all forms and required paperwork.
- Facilitates referrals when needed.
- Performs as first or second surgical assist during operation.
- Rounds at hospitals as required by Physician.
- Complies with Federal, State and local legal and professional requirements by studying existing and new legislation, anticipating future legislation and enforcing adherence to requirements.
- Contributes to team effort by accomplishing related results as needed.
- Maintains professional and technical knowledge by obtaining required CME's, reviewing professional publications and participating in professional societies.
- Respects and protects the confidentiality of all patient and Company information through the adherence of all HIPAA guidelines and regulations.
- Assumes other duties as requested by Physician.

**QUALIFICATIONS:**

1. Education Requirements
  1. Master's degree, along with successful completion of a NYS or ARC-PA accredited Physician Assistant program. Must possess NYS licensure upon hire. New graduates are encouraged to apply.
2. Experience Requirements
  1. Background in sports medicine and/or professional experience in outpatient orthopaedic environment preferred.
3. Skills and Competencies Requirements
  1. Excellent communication and customer service skills required. Must be able to multi-task and desire to work in a fast-paced, team-oriented environment.
