

# HELP SAVE LIVES

By identifying and verifying  
AED locations in WNY

Our goal: to register and verify 1,000  
AEDs, making their locations available  
to 911 systems and smartphones  
(through the PulsePoint app) to improve  
cardiac arrest survival

We are holding a contest for those that  
verify the most AEDs:

1st place: \$1,000

2nd place: \$500

3rd place: \$300

Winners announced  
February 14th, 2025
